ISHWAR NATURE FARMS

**Premium Turmeric Manufacturers  
and Suppliers**

# OUR STORY

Nestled amidst the lush landscapes of Belgaum, Karnataka, our journey is one rooted in a profound passion for turmeric cultivation. It's a tale that begins with a shared love for the land, a commitment to sustainable farming, and a deep reverence for the rich traditions that make our region unique.

# OUR MISSION

BALANCE BETWEEN NATURE  
AND AGRICULTURE

SUSTAINABLE FARMING  
PRACTICES

PRESERVATION OF BIODIVERSITY,  
NURTURING OF THE SOIL

OUR TURMERIC ISN'T JUST A  
CROP; IT'S A TESTAMENT TO  
OUR RESPECT FOR THE  
ENVIRONMENT

BLACK/ JAVANESE/ LAKADONG TURMERIC

# HARVESTED WITH CARE

## OUR PROCESS

Our turmeric is carefully cultivated and processed to meet the highest quality, purity, and potency standards

We are dedicated to environmentally friendly farming practices, promoting biodiversity, and preserving the land for future generations

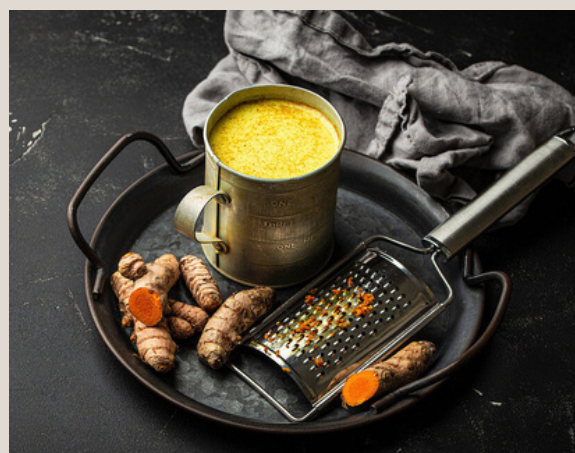

We have a robust supply chain system in place to guarantee on-time delivery and consistent quality

# OUR PRODUCTS

At Ishwar Nature Farms, we specialize in cultivating turmeric varieties with higher levels of curcumin content.

Our present range includes:

- Black Turmeric or *Curcuma Caesia*
- Javanese Turmeric or *Curcuma Xanthorrhiza*
- Lakadong Turmeric or *Curcuma Longa*

# BLACK TURMERIC

In the world of spices, one gem stands out for its unique flavor profile, vivid color, and an array of health benefits – black turmeric (*Curcuma Caesia*). Native to India, this exotic spice has been captivating taste buds and contributing to holistic well-being for centuries. This nutrient powerhouse is also known for its anti-inflammatory, joint support and antioxidant rich properties

# JAVANESE TURMERIC

Javanese turmeric is not merely a spice; it is a cultural emblem deeply rooted in the heritage. As you embark on your culinary and wellness journey, consider the richness and tradition that Javanese turmeric brings to the table. Embrace the essence of this extraordinary spice, savor its flavors, and partake in the wellness traditions that have flourished for generations. Javanese turmeric – a golden thread connecting the past, present, and future of culinary and healing traditions.

# LAKADONG TURMERIC

Lakadong turmeric is a type of turmeric known for its high curcumin content and potent medicinal properties. The bright yellow-orange root of Lakadong turmeric contains significantly higher levels of curcumin compared to other varieties of turmeric, making it highly prized for its health benefits. Due to its superior quality and potency, Lakadong turmeric is often sought after and used in culinary dishes, traditional remedies, and even in cosmetic products.

# WHY CHOOSE US

1

## PRODUCT DIVERSITY

We are revolutionizing the way turmeric is grown, offering the various varieties straight from our farms. As a team our commitment goes beyond providing a product; and what sets us apart is our dedication to offering a comprehensive selection of turmeric varieties, carefully cultivated and harvested to meet the unique preferences of our customers.

2

## PACKAGING OPTIONS

We can provide packaging solutions tailored to your specific needs

3

## ECO-FRIENDLY

We offer competitive pricing to ensure that our products are both accessible and economically attractive. We believe in direct farm-to-table practices which provide us leverage and standardization of pricing
